

# Child Development Center Program

## Welcome

The Chaffey College Child Development Center program is based on developmental learning principles, which foster growth, self-esteem, socialization, language and communication, as well as creative and intellectual realms and physical and perceptual development for children. The Center is licensed by The State Department of Social Services/Community Care Licensing and funded by the California Department of Education, Early Learning and Care Division (ELCD) and the CCAMPIS grant, (Child Care Access Means Parents In School).

## The Program

The Child Development Center offers low cost and free services for children ages 18 months to three (3) years old and a full-day State Preschool Program for children ages three (3) to Kindergarten. Fees are based on family income and other state and federal requirements. Priority for admission will be given to low income families and student parents.

## Documentation Required

- Preliminary Application Package (including days/hours needed)
- Driver's license or Government issued Identification
- Gross Family Income (Current 30 days) – from all sources, including, but not limited to: TANF, Wages, Child support, Spousal support, SSA-Survivor & retirement benefits, Disability, Unemployment, Workers Compensation, Rental income, Veterans pension, etc.
