

BP 5050 Matriculation

The District shall provide matriculation services to students for the purpose of furthering equality of educational opportunity and academic success. The purpose of matriculation is to bring the student and the district into agreement regarding the student's educational goal through the District's established programs, policies, and requirements.

The Superintendent/President shall establish procedures to assure implementation of matriculation services that comply with the Title 5 regulations.

The District has elected to exempt certain students from participation in orientation, assessment, and counseling/advisement. Students who are exempt at Chaffey College from individual matriculation services components will be identified and informed through the matriculation process. Assurance will be given to exempted students that they may participate in any of the services offered through matriculation. Exemption criteria are outlined in Chaffey College's matriculation plan.
